

ANSH BANGA

AI & Software Developer

+91 9811008464 | anshbanga4@gmail.com | [LeetCode](#) | [GitHub](#) | [LinkedIn](#)

B.Tech student in Artificial Intelligence & Data Science with hands-on experience building AI-powered, full-stack applications. Skilled in Python, Java, Flask, Scikit-learn, and Firebase, with strong interest in machine learning and backend development.

EDUCATION

Degree	Institute	Duration	Score
B.Tech. (AI & Data Science)	Vivekananda Institute of Professional Studies (GGSIPU)	2024–2028	CGPA: 8.64
CBSE Class XII	Hansraj Model School	2024	87.6%
CBSE Class X	Hansraj Model School	2022	92.0%

ACADEMIC PROJECTS

AI Career Success Advisor - AI-Powered Career Guidance Platform | [GitHub](#) | Flask, Python, Scikit-learn, Firebase, Gemini AI, HTML, CSS, JavaScript

- Built an AI-powered career guidance platform predicting employability score, placement probability, and career paths using Flask, Scikit-learn, Firebase, and Gemini AI.
- Developed a secure full-stack web app with Firebase Authentication, interactive dashboards, and real-time AI-powered insights.
- Integrated Google Gemini AI to deliver personalized career roadmaps, skill-gap analysis, and interview preparation strategies.

EXPERIENCE

Research Intern - Defence Research and Development Organization (DRDO-SSPL) | June 2026 - Present

- Researched deep learning-based passive missile detection and warning systems using YOLOv5 for real-time aerial object detection; worked with Python, PyTorch, OpenCV on object detection pipelines, dataset preprocessing, and model evaluation.

VIRTUAL EXPERIENCE

- BCG GenAI Job Simulation:** Analysed 10-K data using Python & Pandas and developed a Flask-based AI financial chatbot.
- Deloitte Data Analytics Job Simulation:** Performed data analysis and generated business insights for decision-making.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, SQL, C

Frontend: HTML, CSS

Backend: Flask, Firebase

AI / ML: Scikit-learn, NumPy, Pandas, Matplotlib, Gemini API

Databases: MongoDB

Tools: Git, GitHub, VS Code, Jupyter Notebook, Wireshark

Core Concepts: Artificial Intelligence, Data Science, Machine Learning, Generative AI, Prompt Engineering

CERTIFICATIONS

- Introduction to Generative AI - Google Cloud & Simplilearn
- Introduction to Cybersecurity - Cisco Networking Academy

EXTRACURRICULAR ACTIVITIES

- Member, ADVAIT - AI Club, VIPS
- Member, EONICS - Electronics & IoT Society, VIPS
- Event Volunteer, Riwayat & Abhivyakti, VIPS

ACADEMIC ACHIEVEMENTS & AWARDS

- Participated in 15+ national-level hackathons across AI, Software Development, and Innovation; achieved Top 10 at INNERVE 2026 (IGDTUW).
